## President's Ramblings

My dad usta say "get the rag out!", I'm here to tell ya that sometimes it's best to "put a rag in"!! Sadly,

I 'burned' out my low band on the Dino T Tour on the last day. Had Tom, Harry and Art look at it, and found I had the old style bands, without removable ears . . GRRR. . . . Long story short, Tim Pearson did an awesome job replacing all three bands with 'removable ears', after removing the hogs head. I wanted to tweak the low band, hurried and YUP, dropped a T 1917 band adjusting wrench into the bottom part of the tranny!. Lesson learned . . put in rags!! (and remember to count them, like a good surgeon

would.) A big thanks to Canning's son-in-law Ted for coming to my rescue!! I know, you're wondering why I'd had the tranny open to adjust the low band, well, the RHD has two external adjustments, the Brake and Reverse, but the Low band is internal. Go figure, eh?

It was a busy summer for a number of club members, touring and showing our vehicles at several seniors home. I was great to see so many on the Dino T Tour (14 T's) and have a good club representation at Heritage Park and the three senior's residences.

A special bouquet to Jackie Bent for her hard work to organize the senior's residents visits. I suspect she felt like she was herding cats!! Those that attended were welcomed royally by all the seniors. We even heard of back seat shenanigans from one 'old gal'.

As fall approaches remember to winter prep your T, so you have an easy start to a Safe and enjoyable

## New Business –

Larry reported that Maclin Ford would celebrate their 100th Anniversary in 2017. Motion by Larry Kynoch and seconded by Rod Wallace that we proceed with a letter and support. Carried. Larry and Ross will draft the letter.

There were three draws for the 50-50; Harry won the cash, Tom V. won a T-shirt donated by Al Riise, and Peter won the license plates donated by Ron Rigby.
