President's Message

My father was always deeply involved in the community. He served on the town council, in the Rotary Club, Chamber of Commerce and so on. I remember him being involved in various charitable campaigns and collecting for his church. One piece of advice he gave me that stuck was, "if you join an organization, volunteer to serve on one of the committees." I always considered volunteer service a way to give back. What I have found is that the reward for service exceeds the effort put into it. Much of what I have learned about Model Ts has come from the people I have worked with on tour committees.

As discussed in our last meeting, this past year has been jam packed with fun events that resulted from club members volunteering freely. Next year our prime focus will be the Jubilee National Tour and there will be lots of opportunity for club members to be involved.

Please consider how you can contribute as we approach our annual election of club officers in November.

Message from the Editor

I hope everyone is enjoying the extended summer we are experiencing well into October. There never seems to be enough time to get the cars out, but we have managed a few outings over the summer. After returning from the national tour in San Diego, we attended the Grey Eagle Casino show & shine twice, once with the Coupelet and once with the 09. We were also able to attend the fall tour west of Cochrane.

The picture below was found in Robb's album of their tour to Cypress Hills. I think it is a great picture and shows what a beautiful place in the world we live.
