

President's message: Hello members , Since I last authored a message, I attended the magnet recharging tutorial taught by Robb Wolff. Those opportunities to gain experience like that are incredibly unique and makes our club special. It was a wonderful experience.

We hosted the Presidents' Day at the Lillo's beautiful acreage. Thankfully, the weather forecast was wrong, and we ended up with perfect weather. The food cooked by the Proctors lived up to the high reputation from years past. Some people got behind the wheel of

a Model Ts for the first time including some young people (potentially the next generation of the club).

There are several events scheduled over the summer. I'll be excited to see everyone out enjoying their cars.

Darren Lloyd

When your wife starts a sentence with . ."when you get a chance " just go ahead and start putting your shoes on . . She means now! . . . "Follow me for more marriage tips"

From the Editor: Our newsletter will commence, again, in September. This issue is highlighting our club's past and future event 'happenings' this summer. Thanks to *Timothy Juhl, of the 'Michigan Model T Garage'* for allowing me to reprint his note, as well as Brecky Beck for her Kid's video link. Thanks as always to Chris Bamford for his editorial assistance. *Ross Benedict*

The T Footnotes newsletter, published by the Foothills Model T Ford Club, in Calgary, Alberta, is published to keep the membership and similar organizations aware of club activities and articles of interest to the Model T family. I am reprinting this from the Administrator, Timothy Juhl, of the Michigan Model T Garage . rb

“I know we kid each other a lot, and that is part of the fun.... however, I want to get serious for a moment. My wife is upstairs practicing on the piano for a funeral service tomorrow and it got me thinking about things not said that should be.

I'm new to Model Ts (2018) and regret that I didn't discover the hobby earlier. I've learned that to own a Model T is to be part of a very large family - strangers quickly become friends and some friends become brothers. You're never alone in the hobby - when you need help it is freely given. The motto "We never leave a Model T behind" is true. I've seen it over and over where someone has trouble on a tour and others stop what they're doing to get them back on the road or safely recovered with a trailer. I've learned a great way to meet people is to just put your hood up.... folks just show up asking if you need help. In our own little club, we gather when needed to give each other a hand and have a great time doing it.

What I've enjoyed most about the hobby is the camaraderie and socializing that involves the whole family. We set a good example for others in that respect. I've also enjoyed the chance to expand my knowledge and have learned so much about the workings of a Model T that I surprise myself. Most of that knowledge came from others that freely and patiently shared what they know. When I get the chance, I appreciate the opportunity to pass some of that knowledge on to others who are starting out and need a hand.

To conclude, to all you old time Model T'ers out there, thank you for accepting me into the Model T family....I'll try to live up to your example.”

Timothy Juhl

GRRRRR....

All T owners do or should know to take the key out of the ignition when opening the tranny cover. BUT I found a whole new 'cover up' that I now need to cover! The 3/8" slot by the battery and the battery box when using a thin wrench! \$#^&!! rb

The usual Model T chats

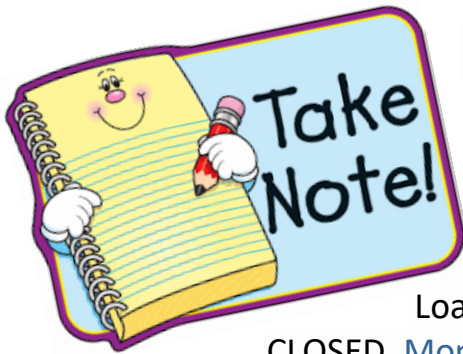

Barry Proctor's famous Doscada, with all the 'fixings', was cooked on a disc cooker or Mexican or cowboy style wok. The Discada could be made in many different ways. Anyone could customize the dish to what they would prefer. He served it on a tortilla.

A number of those attending finishing up Barry's awesome meal.

Then, the fun began. Paddy graciously gave lessons to wives and kids.

ART BURGESS & LAWRENCE GOULD'S SHOP TOUR PLUS, A TRIP TO RIMBY INTERNATIONAL TRUCK MUSEUM - JUNE 11, 2022

The tour commenced at Art's shop at 9:00 AM with a pancake breakfast hosted by Art and his crew. After breakfast there was time for a tour of the shop until about 11:00 AM. After breakfast and a tour of Art's shops, we toured on to Rimby, west via highway 12 to just pass Bentley, then north on highway 20 to Rimby and The International Truck Museum. There are actually 3 museums there: The International Truck Museum, a Tractor Museum, and a Military Museum. And, of course, a quick stop for Ice Cream at Rimby Cone Zone!! We enjoyed a pleasant alternate return route north of Rimby on highway 20 to highway 53, east on highway 53 to Crestomere, then south on 792 to highway 12 east on highway 12 to Lacombe. Unfortunately, the turn out, with only 7 club members, left our hosts somewhat disappointed.

"FORD SPECIAL" SEAT COVERS

Here is positively the best set of Seat Covers that can be had for the money. A complete set includes Covers for the Seat Cushions, Back Cushions, Sides, Doors, Re-inforced Artificial Leather Arm Rests, and is bound throughout with a good quality of gimp. Kick Pads and Dust Hoods are classified as extras.
