

President's Message: Hello members, The February meeting was a little different. The museum had a staffing confusion, so the door was locked when we arrived. Larry's quick thinking had a room organized at a neighboring Denny's quickly. We left a note on the gate and headed down. It worked out well and everyone got a refreshment on the club's tab.

We discussed doing the demonstration on the new engine tool in April. After talking with Harry, I'll be asking the club at the March meeting if a demonstration in May will work.

Members chatted about possible tour locations, *(a tentative list is shown on page XX Ed.)* but I think we still need members to pick up those ideas and move them into action. The club audit was brought up in old business again. For the second month, no one made a motion, so we decided to remove it from the agenda until someone wants to organize it.

I hope the warm weather has everyone excited for driving season. See you at the meeting.

Darren Lloyd

From the Editor: Do you have anything to share? A funny or not so funny Model T stories? Tour photos, Barn find? or articles about Model Ts? Your Model T acquisition, restoration photos, swap meet scoop? I'm always needing articles. And ads for the classifieds. Thanks to Gary Anderson of St. Paul Minnesota for his contribution on the Ford tool check tags. And, as always, Chris Bamford for his editorial assistance.

Ross Benedict

The T Footnotes newsletter, published by the Foothills Model T Ford Club, in Calgary, Alberta, is published to keep the membership and similar organizations aware of club activities and articles of interest to the Model T family. Permission is given to copy the contents, with proper credit, unless otherwise restricted or specified.

**Minutes of the Meeting Foothills Model T Club
February 23, 2022**

President Darren Lloyd opened the meeting at 7:33 with fourteen members present. We had a late start as The Hangar was closed and we had to convene at Denny's. All Provincial and Denny's Covid protocols observed.

Minutes: The minutes of the January meeting were approved as circulated in the January newsletter, seconded by Glen, passed. Kristen thanked Harry for recording the January minutes in her absence.

Treasurer: Larry provided his report for January, and moved acceptance, seconded by Robb, carried. Larry reported the cost of the Babbitt equipment from Gene French including jigs will be around \$1500.00.

Audit – it has been suggested the financial records be audited. Peter moved that we have the financial records audited. Discussion followed; Larry suggested that rather than hiring someone to review the last couple of years records that we have a volunteer (Joe Nagy) and one or more of the executives review the past two years and have an external audit next year when we have had more club activities and thus more transactions. There was discussion and no external audit will be conducted at this time, so Peter's motion was rescinded. There was no motion made to proceed with a volunteer audit at this time.

Membership: Ann McDonald reported 56 paid memberships to date, Ann received membership dues at the meeting. Outstanding members are or have been contacted and we will continue with that. Peter contacted Joe DeMott and John Gallagher during the meeting, and he will collect their dues next time he is in Drumheller.

Tools: Glen indicated all tools were accounted for. He also is wondering what we should do with tools that are homemade and not really circulating. Art Burgess offered to take any back that Emil had made and donated. Glen will compile a list / inventory of this items for review.

No reports from Librarian / Website / or National

Tours: Larry would like to get a calendar of events together so that everyone knows what is going on and can plan accordingly.

Potential events: Larry reported that the John Scott Production facility at Longview was a potential Saturday tour, along with the Bomber Command Museum of Canada. Could be a T driving tour or modern if weather is an issue. Could leave from the Call of the West.

Tour a Hutterite colony was suggested but with covid that may be a hard no, will have to see. Peter will be finding out who to talk to at Blackfoot Museum.

Cliff's garage and Art's shop - Art reported that last year they did a quick three-day Edsel tour around Lacombe, which may be an option.

Leduc West, Pioneer Acres may also be open for the season

Newsletter: Ross is seeking articles for the newsletter, please share your projects or stories with him.

Old Business:

Director: Ross reported that Keith Robinson has offered to fill the vacant director position this year.

Decals: Larry has distributed decals with the newsletters that he mails out.

Clothing: Another order will be placed mid-March need twenty-five items.

April meeting: we may look at a different date as The Hangar is usually busy.

Tech Talks Murray's tech talk on bumpers postponed until March. He did bring to show a Hoyt High Tension tester – Mag ignition wire tester

Meeting adjourned at 8:20 pm

More T Trivia - Ford tool checks tags.

Gary Anderson of St. Paul Minnesota had displayed his antique hobby related to Ford recently, on Facebook

The rounded pyramid is the most common design: the R. Rouge N8458 is brass, the centre one (Indianapolis IN) is aluminum and the F.D 996 (Highland Park Mi) one is steel.

Wanted: I am looking for a Model A cylinder head, it is for a 1929 Murray that I am working on, this was my late brothers project, and I went to his garage only to find the heating turned off! Last summer I had the engine running but it had not been winterized. Vic Patterson
@vicpat44@hotmail.com, Home phone 780-827-3483.

For Sale - A 1926 Model T. An older restoration, but a great parade car, in driving condition. Asking \$15,000 OBO. **Cal Hanson** 403-669-6024, cal@calhanson.com

For Sale: Ruckstell rear axle, big drum, complete with torque tube and radius rods. Not rebuilt. \$1400. Chris Brancaccio 403-660-1303 chrisbrancaccio@hotmail.com

Estate Sale: 1915 Runabout. Restored in the mid-90's to original design. Driven a little bit over the years but more recently has been unloved and hasn't moved for a few years. It ran well when it was last parked, aside from a coolant leak. Always stored inside. **\$12,000.** Email Jeff Wearmouth for enquiries jwear@telus.net

For Sale: 1926 FORD MODEL "T" 4 DOOR TOURING (FULLY RESTORED)

Located in Calgary, Alberta Canada – privately restored (with help from members of the Foothills Model T Ford Club) as vehicle was on owner's parents' family farm.

History with details and current condition

- *Vehicle was located on my parents' farm in Saskatchewan with intent to keep it in the family
- *Restoration started in 1985 and completed in 2005
- *All parts are original with the exception of temporary signal lights
- *Upon completion of restoration, vehicle has only been driven a total of approximately 16 km (10 miles) and has been stored within a building since
- *Reason for selling - downsizing, vehicle not used needs a loving home

Tires: virtually no tire wear, vehicle currently up on 4 jack stands.

They do have side wall cracks from time exposure

Wheels: all wheels are wire rimmed (no wooden spokes) including the spare tire mounted on the back. Mint condition.

Radiator: Original, mint condition

Upholstery: a new upholstery kit was installed for both front & back seats including fold down top. No side curtains

Bumpers: complete original front and rear bumpers, chromed

Engine: completely re-built and babbitted by Model T club member along with rebuilt magneto system. Vehicle also has an original electric start button on the floor. New wiring.

Vehicle is located on an acreage 1 mile west of Calgary.

Asking price - \$15,000 CDN.

For Sale: 1927 FORD MODEL TT TRUCK-FULL RESTORATION

Located in Regina, SK., Canada, part of an estate sale. It appears from all the bills we have, the restoration was started in 1982 and completed in 1990. A spread sheet is available with data on all parts purchased for the truck c/w prices. The price of the parts was \$5,000 and that was over 35 years ago. The only mark on the truck is a scratch on the passenger front fender. The truck, as seen in the pictures, is in excellent condition. We have limited information on the restoration; however, the truck has been stored in a heated shop and has never sat outside after the restoration. There is no rust anywhere on the truck. There are new tires and wood wheels; all glass is in excellent condition. Inside cab and undercarriage have been completely restored and are in excellent shape. Truck is in good running condition but has not been started in 3 years. This truck was a passion of our family member, and our goal is to find a loving home. It would need to be picked up just East of Regina, Saskatchewan, Canada. Asking price- \$13,500 CDN, OBO.

Contact Terry @ 1-204-791-2685 or email vanstone3@mymts.net - For additional photos see:
